Aware Defeat Depression Group
Advisors/Support Workers
Age 18+
Access NI check required

Our mission is to support people experiencing or at risk of experiencing depression and their carers throughout Northern Ireland by providing information and advice, promoting self help, instigating and supporting research and working for changes in public attitude and statutory health care provision. We welcome volunteers to help at our local self-help support group in Cookstown and/or to help publicise our activities in the local area.
Our vision is of a radically improved world for people with dementia. A world where they have their rights recognised where they fully contribute to family & community life & where they can live with dignity free from discrimination.

**Befriender**
This opportunity is ideal for people who want to make a difference for those living with dementia. Befriending is providing friendship, either one to one or in friendship groups. This helps the person with dementia to continue feeling independent & valued, supported & included. Whilst on friendship visits the carer gets a break & the person with dementia can use their memories in/at local places. It is preferable for the volunteer to have their own transport.

**Information Support Volunteer**
Help us raise awareness of dementia and the Alzheimer’s Society in your local area. Your involvement will ensure information on our services is highly visible and readily available to the increasing numbers of those who need us. It is a broad role which can involve giving presentations or talks in schools, colleges. Local groups or other charities; or it could involve putting posters up in local venues, leaflet drops or networking at events.

Occasional fundraisers don’t need to commit to the time needed to organise and plan events like regular fundraising volunteers. We are aware that lots of people want to volunteer but find it difficult to find the time to fit this in around family and jobs. The Alzheimer's Society currently seeks to recruit individuals who are happy to be contacted when fundraising events are organised to see if they can help the regular fundraising volunteers at these events. **Barnardo’s – Choices**  
**Mentor/Group Worker**  
Age 18+  
Access NI check required

Choices is a new service in Mid-Ulster which "does exactly what it says on the can!" It gives young people who are experiencing problems at home, in the community or at school the choice of engaging in a programme of self-development. Mentoring by a volunteer could be a major aspect of this.

A project worker assesses the young person by letting them tell their story. On the basis of the needs identified a programme of support is designed. Volunteers can become a valuable part of this by helping project workers run groups or by mentoring young people on a 1-1 basis. This will always involve taking an interest in the young person, their interests and their life. It may then involve doing social activities together, meeting up on a regular basis for a chat or doing a regular activity together. Induction, training and on-going support is available.

Make-A-Wish is a charity with a single purpose – we grant magical wishes to children and young people aged 3-17 fighting life-threatening illnesses. At a human level, we believe few things can be more important, or more deserving, than giving a seriously ill child the chance to have their wish come true, with all the hope, expectation and happiness that brings. For many families the Make-A-Wish memory can be the last happy memory they have of their child having fun in a magical world, surrounded by family and friends – rather than memories of days and weeks of painful treatments and hospitalisation. The memory of the wish may be of their child laughing and enjoying being a princess or zoo keeper for the day or meeting a favourite celebrity. In years to come, the family can look back and remember that special time.

_Make-A-Wish is expert in wishgranting; it is all that we do, each and every day._

**Wish Visitor**
Volunteers are required to visit a wish child in their home & ascertain what their true wish is & why they would like it to be granted. Together with a second volunteer, make arrangements to visit the wish child within 7-10 days of receiving information on the wish family. Encourage open discussions with the wish child & family (where appropriate) to discover the wish & their reasons. Obtain one of each type of wish from the child (to go, to meet, to be & to own) in preferred order. Recognise & discourage parental/sibling influence on choice of wishes. Ensure the parents complete, have witnessed & return all relevant paperwork to you. Type report & submit all paperwork within 1 week of visit. Volunteer must provide their own transport & have good verbal communication skills with children, young people & parents. An ability to cope with what may be distressing information & situations is also required.

**Fundraising Volunteer**
Volunteers are required to fundraise by organising events in your local area which raise money & awareness for Make-A-Wish. These could be anything from a quiz in your local pub or coffee morning at work to a treasure hunt in the local park or a sporting event with your local school. You'll be organising the event either individually or with a committee & will receive support from Make-A-Wish staff throughout.

TIPSA MID-ULSTER
Youth Panel Volunteer
Age 14+

Are you interested in issues around alcohol and other drugs? Do you have a lot to say about these issues but have nowhere or no way to meaningfully get these opinions across? Are you concerned how young people are portrayed in relation to drug and alcohol use in your community? Then this is your chance to do that and more.

TIPSA is recruiting for a Youth Panel who will meet every 6 weeks to help guide the project in its work of drugs education and prevention in Mid-Ulster. We want people from a wide range of backgrounds under 25, so it does not matter if you have used, currently use or have never used alcohol or other drugs - all opinions and experiences are valid. The meetings will be informal, friendly and open environments and there will be further opportunities to take part in information events, talks and drop-ins if that is what you want. As well as positively contributing to your community, Youth Panel members will get to take part in a range of fun activities, days out etc. So if you feel that drugs education needs your voice and your opinion, and you want to help shape the programmes and activities other young people will benefit from, get in touch.

Each meeting will take place in a different venue to ensure those with travel issues are not disadvantaged but the first meeting will take place in Gortalowry House, Cookstown.

Volunteers will go through a basic drugs awareness session and will be offered further training in communication skills, research etc as deemed appropriate. There is a possibility of an OCN accredited course as well.
Deliver sessions of our Explore Enterprise course to young people in areas such as marketing, bookkeeping and mentoring skills. The Enterprise programme supports young people aged 18-30 years interested in self-employment to explore and test their ideas, write plans and start their own businesses. The young people attend a 4 day training course to help them decide their next steps. Currently we have a course running in Cookstown every other month.

The Prince’s Trust
Workshop Facilitator
Age 18+

The Niamh Louise Foundation was set up in 2006 following the death of a local 15 year old girl, Niamh McKee who died by suicide. It aims to implement the ‘Protect Life’ Strategy at ground level in local communities to reduce the numbers of people taking their own lives in Northern Ireland. The main activities of the charity is to provide suicide awareness, prevention, intervention and postvention services across the areas of Armagh & Tyrone, particularly to rural areas which can be very hard to reach and highly stigmatized. A new resource centre has opened in Cookstown and has been welcomed by the town’s council chairman Tony Quinn and representatives from the northern Trust. Situated at Union Street, the Protect Life Resource Centre is one of four across counties Tyrone & Armagh, joining established centres in Coalisland & Dungannon. The Cookstown branch currently requires volunteers for the following roles:

Administrator
A volunteer is needed to assist in the day to day running of the Cookstown office by providing essential administration to all functions of the foundation. The volunteer is needed to welcome people who use the foundation & make them feel as comfortable as possible. This is a crucial role as it can be the first point of contact for people who are having suicidal or self-harm thoughts, especially as there may be more than one person requesting a listening ear at the same time.

Befriender
Befrienders are required to provide a listening ear, friendship, support and information to those most vulnerable and at risk of suicide or self-harm. By providing intervention in the community the Niamh Louise Foundation staff and volunteers are fully trained to intervene. You will become equipped through ASIST (Applied Suicide Intervention Skills Training) and will be promoting good emotional well being and healthy minds & bodies.

Community Information Support Volunteer
This role exists to provide information about suicide & self harm & the services of the Niamh Louise Foundation in local communities. Volunteers will typically work on their own with support from staff, manning information stands at health fairs & representing the Niamh Louise Foundation at local events as well as placing our information books in key locations e.g. GP surgeries, dentists, A&E, chemists etc. The hrs for this role are flexible, although some availability during office hrs (9am - 5pm) is helpful. This role will require some evening & weekend hrs from time to time. Hrs will be a minimum of 2 per week.

Cont’d overleaf...

The Niamh Louise Foundation needs vital fundraising events to allow us to support the local community. As a fundraising volunteer, you will have the role assisting in the planning and delivering of fundraising activities & raising awareness of the work of the Niamh Louise Foundation.

**Driver**
A volunteer driver is required to provide a safe & reliable travelling experience for those in the Mid Ulster, Tyrone & Armagh areas who wish to attend the Niamh Louise Foundation Resource centres, bereavement support groups etc, but are restricted in terms of travel arrangements. You will need a full driver’s licence but you will be provided with transport & full training for the role. This role would suit someone with good timekeeping skills & is comfortable working as part of a team. Also, if you have good communication skills, can show empathy, patience & consideration & understand the importance of confidentiality.

**Cleaner**
A cleaner is required for the maintenance and upkeep of the building, particularly after events. The volunteer should have the ability to get on well with people. This is an excellent opportunity to meet new people and to do something worthwhile to support our foundation.

No formal qualifications are needed and volunteer expenses, including basic living costs, are normally paid.

There are normally 3 deadlines per year: 1st February; 1st May and 1st October. Non-profit organisations can become involved by sending or hosting young people and are required to go through an accreditation process, managed by the UK National Agency for the YIA Programme (British Council).
